Graphic Design & Media: Creative direction, Adobe Photoshop, Adobe Illustrator, Canva

PROFESSIONAL EXPERIENCE

Customer Relationship Officer & ICT Lead | *Clemix Realtors Ltd, Nairobi* May 2025 – Present

- Manage core web infrastructure, custom WordPress themes, PHP script configurations, and DirectAdmin hosting environments.
- Oversee MySQL database instances via phpMyAdmin to ensure site uptime, database authentication stability, and listing accuracy.
- Administer building physical security systems, program RFID access control keycards, and manage intercom door station networks.
- Maintain internal network infrastructure, router setups, and sky garden Wi-Fi access point installations.

Systems & Security Specialist | *The Saruni Apartments, Nairobi* 2026 – Present

- Conduct building-wide CCTV surveillance audits, NVR storage configurations, channel mapping, and PTZ lens maintenance using Hikvision iVMS-4200.
- Inspect, repair, and reconfigure multi-floor intercom network connections and digit configurations across 18 floors.
- Program and audit over 150 RFID access keycards using Hikvision enrollment hardware to manage the tenant entry matrix.
- Collaborate with internet service providers (Fimnet ISP) to repair fiber cuts, adjust optical power levels, and resolve internet outages.

IT Officer | *Sigraelfa Solutions Limited, Nairobi* 2022 – 2025

- Provided first-line IT support and system troubleshooting across the organization to minimize system downtime.
- Managed computer networks, hardware assets, and software systems, ensuring operational continuity.
- Monitored CRM and ticketing platforms for call center operations, resolving user issues promptly.
- Implemented process automation solutions to enhance workflow efficiency and data handling.
- Facilitated technical onboarding and data protocol training for incoming call center staff.

Technical Support & Customer Experience Trainee (Attachment) | *Sigraelfa Solutions Limited, Nairobi*

- Delivered live technical support for inbound and outbound customer support operations.
- Processed service inquiries, logged client interactions in Open-CIS, and managed escalation tickets.

Owner & Lead Photographer | *The Supreme Photography, Nairobi* 2021 – Present

- Managed brand operations, digital asset processing, commercial photography projects, and client communications.

IT Support & Cyber Café Assistant | *Bleo Cyber Café, Kisumu* 2018 – 2019

- Administered local network infrastructure, workstation maintenance, and user digital service processing.
